

CAD Masters Earns Autodesk Process Plant Specialization

CAD Masters today announced that it has earned the new Process Plant Specialization designation for value added resellers from Autodesk, Inc., a world leader in 3D design, engineering and entertainment software.

Walnut Creek, CA ([PRWEB](#)) November 06, 2013 -- CAD Masters, an Autodesk Gold Partner, today announced that it has earned the new Process Plant Specialization designation for value added resellers from Autodesk, Inc., a world leader in 3D design, engineering and entertainment software. As an Autodesk Specialized Partner, CAD Masters has shown that they have made significant investment in their people, they have a solid business plan specific to their specialization area, they have customer references, and that they can provide a high level of experience and support to customers in the Process Plant industry.

The new Autodesk Partner Specializations enable value added resellers to highlight and brand their expertise in delivering services in key industry areas. By completing the required curriculum and training, as well as meeting required levels of service and standards set by Autodesk, CAD Masters demonstrates what it means to be a trusted adviser to Autodesk customers throughout the world.
